Different divisions enjoy different tax rates and provisions. Also, Minimum tax payable by the company is higher of the following:

- i) Tax deducted at source U/S 52 and Rule 16 (against supply of local sales), U/S 53 (against Import materials) and U/S 53BBBB (against exports sales)
- ii) Turnover tax at the rate of 0.60% total Gross Revenue U/S 82C(4)
- iii) Tax payable under regular assessment

Deferred Tax (Income) / Expenses:

Since minimum tax payable U/S 82C (5) of ITO 1984 is higher than the tax payable under regular assessment, there is no room for adjustment of the 'Temporary Differences' arisen out of difference between accounting and tax depreciation during the year. In other words, the amount of temporary differences remain 'unabsorbed' and therefore no provision for deferred tax expenses / (income) is applicable for the 1st Quarter ended 30.09.2020.
