19. Significant Deviations

Sanofi Bangladesh Limited has been consolidated for the first time in this reporting period and as such comparative prior period unaudited figures (July-December 2020) as reported in the Consolidated Statement of Financial Position, Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows do not include financials of Sanofi Bangladesh Limited.

The Company achieved over 17% growth in consolidated sales as compared to prior period. Moreover, other income also increased predominantly due to income from vaccine distribution fee which was not there in the comparative prior period. These have contributed towards increase in consolidated earning per share. Consolidated operating cash flow per share also increased due to higher revenue and improved net working capital.
